## How to Tap Into the World's 65 Most Powerful Success Keys to Get Everything You Want in Life

Wire these Mastery Keys right into your brain, body and neurology and watch yourself effortlessly achieve what most mere mortals only dream about. These Keys are the culmination of East meets West Success Philosophy for achieving Money, Power, Fame and Love.

Dear <Name>,

If you are on my list I'm willing to bet you have an unquenchable desire for success.

You may have already had some successes and hunger for more, or you may be at the beginning of your quest. But one thing is for sure:

**All successful men relied on models and mentors to help them along their way.**

Make no mistake about it. Never has there been a time like this for unlimited opportunity.

Why?

As you already know, we live in a time of great flux. Change is everywhere: changing economic conditions, political changes, technology advances, and emerging world markets. And it goes on.

There will be the usual shake-outs in the corporate world, and many will fail to grasp the necessary information to survive.

What does this mean to you?

***Change means opportunity.*** Yet, if a man is unprepared, he is incapable of grabbing the staggering opportunities before him.

From ancient times to the present, the most successful men of the world tapped into techniques and strategies that propelled them to boundless wealth, fame, or happiness. Yet searching for these on your own and reading them all would take a tremendous amount of time. And you could spend a small fortune buying all the books or CDs to get them all.

Now you can save yourself many hours of searching and a small fortune. **Receive 65 of the world's most powerful Mastery Keys for success all on one DVD.** I spent years researching, applying and boiling these concepts down into easy to understand, easy to apply principles. They are drawn from the ancient wisdom of Asia all the way to mind boggling success techniques and strategies of modern psychological disciplines such as NLP, neuro-linguistic programming.

These Mastery Keys are the ultimate in East meets West success philosophy!

Honed to meet the demands of today's fast paced world, they master wealth building, human relations (personal and business), talent development, motivation, and more.

Each Mastery Key has the ability to cause near instant, core changes in the fabric of your life, yielding social, psychological and financial benefits. Here is just a small sample of what you'll learn:

- The Master Key to Success (not applying this one simple key is why most men fail to achieve business or personal success)
- **How to Isolate and Destroy Psychological Blockages That Drain Your Energy Level and Rob You of Success**
- Operate Effortlessly and Magnetize Positive Events That Will Come to You Seemingly “Out of the Blue” (Or, “How to Create Your *Own* Luck!”)
- **3 Keys to Communication You Can Use to Enhance Any Relationship, Business or Personal**
- A Vital Key That Unlocks the Secret of Supply and Demand in Your Business Dealings
- **How to Achieve and Maintain a Dynamic Lifestyle No Matter What Your Circumstances Now**
- Two of the Most Powerful Keys Known to Finding, Developing, and Showcasing Your Strongest Talent
- **A Special Key to Acquire and Hold the Successful “Mindset” Used By the Wealthy**
- Anchoring the 2 Most Important Success Emotions
- **How to Develop an “Iron Will” From the Greatest of Martial Arts Practitioners Like Bruce Lee**
- The Single Key That Builds Heightened Awareness in Your Daily Life So You Can Seize Lucrative Opportunities and Derail Problems Before They Worsen
- **How to Shield Yourself from the Effects of Pressure and Stress**

And that's truly the best part of the Mastery Keys. They ignite that fire in you that explodes your potential to giant proportions.

The most successful men of any period of time discovered and internalized incredibly potent Mastery Keys that propelled them to achieving their goals. Why aren't most men successful? They haven't discovered these keys, or they haven't internalized the keys to make them effective in their lives.

**These Mastery Keys span a period of 3,000 years.** I gleaned them from martial arts disciplines, ancient warrior wisdom, modern business strategies, and modern psychological discoveries like NLP. One such powerful key is developing an “iron will.” Bruce Lee discovered and used this technique to make himself a phenomenal master in martial arts, and he used it to make a fortune in Hollywood. He also used another Mastery Key called the “water” technique.

Who do all the top U.S. generals read? It's the war strategies of Sun Tzu as outlined in his *Art of War*. I modernized Tzu's strategies make them powerful keys in winning in everyday life. It's only a matter of using them. I customized Tzu's best strategies for the business world in the Mastery Keys.

The Mastery Keys contain powerful, modern techniques of business masters like Donald Trump and the effective communications strategies of NLP.

The Mastery Keys enable anyone to gain everything they want in life. That's why the DVD is titled **MASTERY KEYS: How To Get Everything You Want!** This may seem like an impossible dream, but the Mastery Keys are more than about getting rich. They penetrate every level of your life. Becoming rich is not itself an easy goal to reach unless you address other success traits in your life.

People often fail not because they lack knowledge or talent, but because of their weak relations with people, personal and business. Break through this problem with the communication Mastery Keys.

These keys improve your awareness of other people's needs and motives. You'll be grabbing dozens of lucrative opportunities because you know how to deal with other people. What happens when use these

keys? You will attract the right people for the field you are in. You'll be surprised at the new contacts you make.

## **Don't Make This Success Destroying Mistake**

Imagine this: A man on a Caribbean cruise is given a million dollars in a brief case – no strings attached. He can use this small fortune to make his life better in any way he sees fit. After a few minutes of standing at the railing and contemplating what to do, the man suddenly throws the brief case along with the million dollars overboard.

What would you think of this man? That he's crazy? Completely gone off the deep end? Of course, this story never happened, in a literal sense, **yet 9,999 out of 10,000 Americans never develop the million dollars worth of talent they have. It's like throwing money into the sea.**

The Mastery Keys contain a powerful way to identify your talent, strengthen it, develop it, and equip you with the "iron will" of a master like Bruce Lee. If you've been floundering and don't know why, the keys will open doors for you. They will internalize the success lifestyle.

## **What's Different About This Success Approach?**

You may ask, "How is this going to help me?" I've read other success books and own plenty of CDs and DVDs.

One of the greatest favors you can do for yourself: **Stop reading. Yes, stop reading.**

**You won't really be successful until you stop reading and start acting.** That's what the master keys are designed to do and that's the difference. **MASTERY KEYS: *How To Get Everything You Want*** propels you into action.

When you use these, you will be acting. Action is a key to success. The keys are all condensed into an easy to understand easy to use format. The focus becomes you, not a book. Once you use the keys they will become internalized. They will become a natural part of **YOU!**

Some may think attaining success is a lot of hard work. That's the good thing about the Mastery Keys. You can work on 2 or 3 at a time. Once they become internalized, you use them effortlessly. Then you can work on other keys you think can help you.
